

POSTER/INFORMATION KITS - HOOK-ON WALL DISPLAYS

An alternative to traditional slat-wall system, pockets are designed to be used with horizontal rods wall mounted or cable suspended, just hook on in desired position. Its an easy to use system which allows you to create stylish interior displays for all types of information and change it in just a few minutes... all pockets hook onto rods without using any tools. Use on walls or windows in estate and recruitment agencies, offices, receptions, museums, etc.

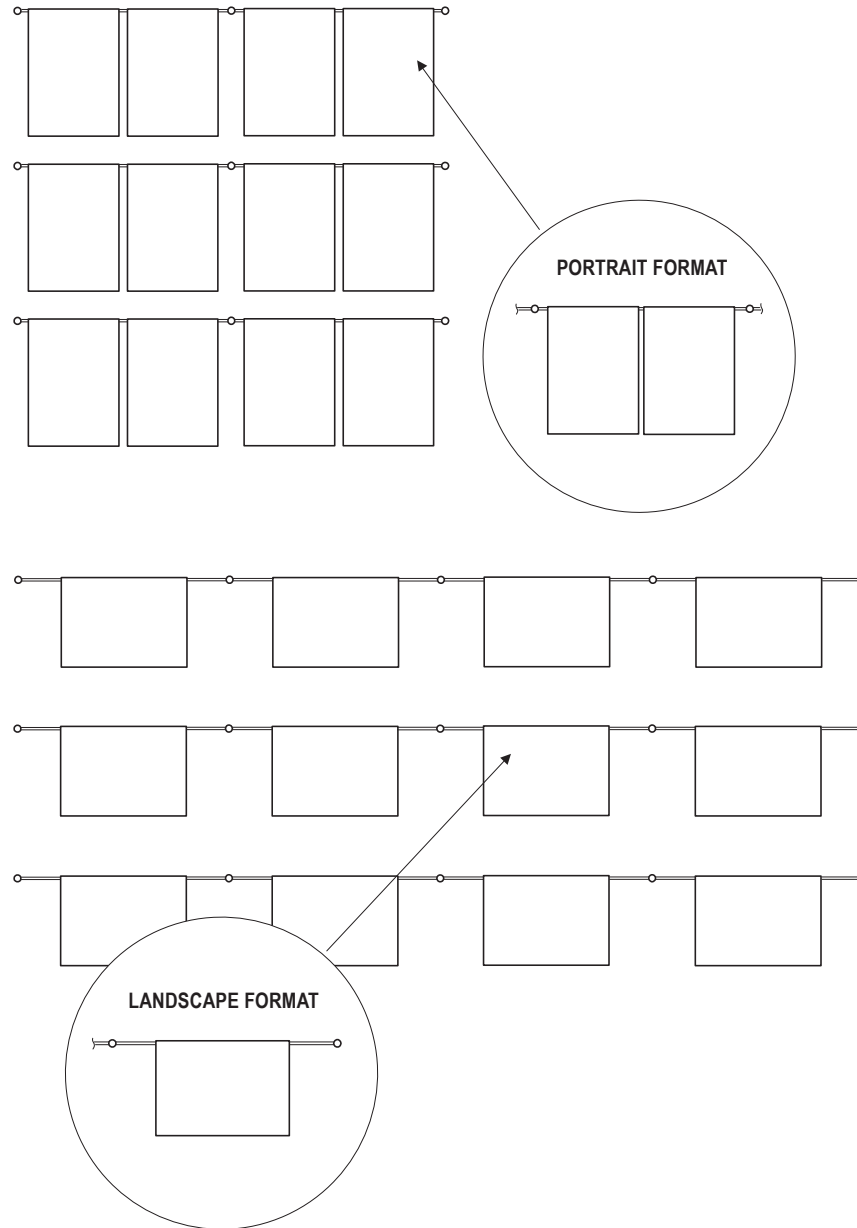

Hook-on Acrylic Pockets / Mounting Options

Options:
Add portrait or landscape pockets to enhance your display.

Width:
Overall display width can vary. Threads at the end of each rod allow rods to be joined together to make any length. Single rod length is 59" (can be cut to accommodate a few pockets only).

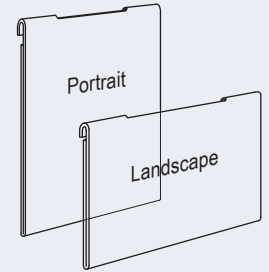

Pockets Configuration

ACRYLIC ACCESSORIES

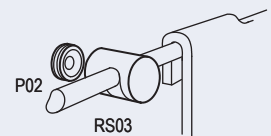

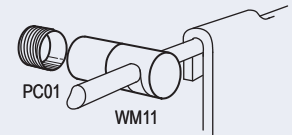

Hook-on Acrylic Pockets Portrait or Landscape

Hook-on Acrylic Pockets are available in 1/8" clear acrylic with polished edges. Design to take various format posters, photos and documents. Also available in non-glare acrylic.

Choose from standard pocket size to fit your posters, photos, or documents.

Hardware Options - fix rods directly to wall with WM03 or WM11 supports...
