Lightweight aluminum display floor base with a sleek curvilinear design for supporting rigid graphic panel substrates such as foam board, gator board, sintra, etc. The base features clean design, innovative functionality and is extremely easy to assemble.

FEATURES:

- Sleek design supports any rigid graphic from 3/8" to 1-1/4" thick.
- Lightweight aluminum base.
- Allows quick graphic changes – the tension knob on the bottom tightens the rubber gaskets together to keep your signage firmly in place on the floor.
- Compact size: 4-1/2" front to back, 5-1/2" high.
- Available in silver and black finishes.
- Made in the U.S.A.
